Overview

Cyprus offers an EU company structure under the Companies Law, Cap. 113, with 100% foreign ownership, no minimum share capital and an official incorporation fee of €165.

The 2026 tax reform set corporate tax at 15% from 1 January 2026, abolished stamp duty from the same date and followed the abolition of the annual company levy in 2024. A Cyprus-incorporated company is now tax resident in Cyprus by default, unless it is tax resident elsewhere. Incorporation gives no right of residence, and Cyprus is not part of the Schengen area. XIPHIAS Immigration helps investors register a company, open a bank account and stay compliant.
