Overview

The **New Brunswick Business Immigration Stream**, run under the New Brunswick Provincial Nominee Program (NBNPN), is for experienced entrepreneurs ready to establish, acquire or operate a business in the province. It offers a route to **Canadian permanent residency** for applicants who actively manage their business and contribute to the provincial economy.

This stream replaced the NB Entrepreneurial Stream, which New Brunswick has closed. The province's own wording is that the Business Immigration Stream "has replaced the Entrepreneurial Stream which is now closed and no longer accepting applications."

Investment overview

You need a minimum eligible investment of **CAD \$150,000** in a qualifying New Brunswick business and a verified **net worth of CAD \$500,000** — or **CAD \$300,000** if the business is a farming operation. An **exploratory visit** and an **approved business plan** are required before you apply.

If you have seen CAD \$250,000 and CAD \$600,000 quoted for New Brunswick, those were the closed Entrepreneurial Stream's figures. They no longer apply.

New Brunswick Entrepreneurial Program

A place far away from the urban sprawl but full of opportunities for economic growth and gorgeous landscapes- New Brunswick Province. One of the thirteen provinces of Canada, New Brunswick has everything one needs for the best quality of living.

- Low cost of living: In an economy where the cost of living can be such a headache, Brunswick is on the opposite track. Housing, utilities, and daily expenses will not cost you an arm and leg.
- Scenic beauty: Brunswick offers breathtaking natural views, just the best treatment for your city exhaustion.
- Quality education: This is the home of several prestigious educational institutions that provide high-quality education and excellent job prospects.

Now, let us discuss the Brunswick immigration programs. One of the most popular ones is the New Brunswick Entrepreneur Program.

New Brunswick Business Visa Immigration

This is part of the New Brunswick PNP program. To apply under this program, you need to have an intention to start your business or buy a running business in the New Brunswick Province. This is a Permanent Residency program. This is an entrepreneur program through which you get your nomination and that instantly gets you your Permanent Residency Status.

All applicants must meet the eligibility criteria under the New Brunswick business immigration stream. The criteria are based on age, language, education, business ownership, personal net worth, or senior management experience, and business concept. The eligibility requirements must be met at the time of Expression Of Interest itself (although it's not necessary that meeting all requirements would guarantee your nomination).

Businesses aren't nominated on a random basis. The Government retains the right to selectively evaluate emerging businesses or the accession of existing ones for economic prosperity. As we mentioned above, meeting the basic criteria does not guarantee a nomination. The assessment is influenced by factors such as the labour market, yearly nomination allocations by IRCC, current inventory, etc.

New Brunswick Provincial Nominee Program - NBPNP

The New Brunswick Provincial Nominee Program invites opulent individuals to immigrate to New Brunswick and invest in a running business there or in a start-up. The program also welcomes skilled workers or highly educated persons who can contribute to the development of the province and to the community.

- Easy immigration process: Since the program targets a variety of individuals across different skills, trades, and educational backgrounds, it makes the immigration process much more streamlined.
- Opportunities for skilled workers: Workers with specific skill sets highly benefit from this program. It generates opportunities to secure better employment or obtain provincial nominations based on their qualifications.
- Supportive streams for Entrepreneurs: NBPNP offers a variety of streams to attract and aid Entrepreneurs & investors looking to set up a business in Brunswick.
- Building strong communities: The NBPNP aims to diversify its communities. The program offers settlement services, language training support networks, etc. So that immigrants can have a sense of belonging.
- Citizenship opportunities: Successful applicants nominated by NBPNP can eventually apply for permanent residency and gain access to social security benefits.

NBPNP Express Entry

If you are highly skilled and have a strong work portfolio, you may be eligible for the NBPNP Express Entry program! The New Brunswick Express Entry Stream of NBPNP can increase the chances of an efficient candidate being issued an Invitation to Apply for permanent residency from IRCC.

New Brunswick Visa Immigration Process

The application process for the New Brunswick Investment Immigration Visa requires these few steps:

- Submit your Expression of Interest to the NBPNP via email. This should have details or supporting documents for your education, experience along with your business plan attached among other documents.
- If you are one of those who have got highest score/ranking backed by a strong business concept that can benefit the society of New Brunswick then you will get selected for nomination from New Brunswick. Alongside you will get your Invitation to Apply for PR with the Canadian Government.
- You must now submit the full application to the New Brunswick Immigration Program.
- Following this, you need to submit your application to the IRCC for your Permanent Residency Status.
- For you to get back your deposit, you need to complete one year of the business operation that you set up in New

Brunswick after relocating there.

New Brunswick Entrepreneurial Stream

This category of New Brunswick's Provincial Nominee Program (NBPNP) targets qualified foreign entrepreneurs who are interested in owning and actively managing a business that will contribute to New Brunswick's economy.

This stream functions as an Expression of Interest (EOI) system. The first step in this process is the submission of an EOI to the New Brunswick Department of Post Secondary Education, Training and Labour.

Once an application is reviewed and assessed based on the eligibility requirements, an applicant is assigned a score based on various factors.

The highest-ranked candidates are invited to submit an application for a provincial nomination under the NBPNP.

Minimum Requirements

In order to be eligible as a Business Applicant, individuals must:

- Have a minimum of a two-year post-secondary education after high school;
- Demonstrate an intention to live and operate a business in New Brunswick; The applicant must assume a day-to-day management role in the business.
- Provide a business plan, approved by a New Brunswick government official, that will show how the business will benefit New Brunswick;
- Want to live permanently in New Brunswick, while owning and managing a local business;
- Present a business concept that demonstrates the potential to provide significant economic benefit to the province; and
