Curaçao **enacted changes to its immigration law in May 2026**. XIPHIAS confirms the current requirements under the 2026 legislation with the Immigratiedienst before filing.

The tiers below are the Wealthy Investor structure published by the Immigratiedienst for the scheme introduced on 6 September 2014. They also sit in **policy rather than in the implementing decree** — the 1963 instrument contains no investor provisions at all, which means they can be changed administratively without new legislation.

Investment	Permit
XCG 500,000+	3 years
XCG 750,000+	5 years
XCG 1,500,000+	Indefinite

The investment must demonstrably benefit the local economy, and you must show permanent and independently sufficient means of subsistence. Processing takes up to four months.

We confirm current figures with the Immigratiedienst before any client commits funds.

What you would actually be acquiring

There is **no Curaçaoan citizenship**. Naturalisation through Curaçao yields **Netherlands nationality** — governed Kingdom-wide — which carries **EU citizenship**. That is the real attraction, and the reason Curaçao draws more investor interest than an island of its size would suggest.

For an Indian national it is also the catch: Dutch nationality is a foreign citizenship, so acquiring it would end your Indian citizenship under Section 9(1). The residence permit itself does not.

Your Indian passport is safe on a residency

Section 9(1) of India's Citizenship Act 1955 ends Indian citizenship only on the **voluntary acquisition of another country's citizenship**. Holding a residence permit, permanent residence or a long-term visa does none of that.

So every route on this page is safe to hold. What differs between countries is the **endpoint** — and we will tell you

plainly where a route can never become a citizenship, where it can, and what taking that step would cost you.

Key benefits

- 3-year renewable residency permit for investors
- Immediate inclusion of spouse and dependent children under 25

Questions clients ask

What is the minimum investment for the Curaçao 3-Year Investor Permit?

The three-year permit is the first of the Immigratiedienst's three investment tiers. Curaçao amended its immigration law in May 2026, so XIPHIAS confirms the current amount under the 2026 legislation before you commit funds.

Who can be included in my application?

Spouse and dependent children under 25 years can be included.

Who is the permit designed for?

The Wealthy Investor permit is for investors who wish to reside in Curaçao for more than six months a year and whose investment demonstrably benefits the local economy.

How long does processing take?

The Immigratiedienst states processing of up to four months.

When can I apply for Dutch citizenship?

Naturalisation yields Netherlands nationality under the Rijkswet op het Nederlanderschap. XIPHIAS confirms the residence period and renunciation rules that apply to your file; for an Indian citizen, acquiring Dutch nationality would end Indian citizenship under Section 9(1).

Do I need to speak Dutch or Papiamentu?

No, English is widely spoken and sufficient for residency and business purposes.

Important notes

- Curaçao enacted changes to its immigration law in May 2026. Every requirement on this page is subject to confirmation under the 2026 legislation; XIPHIAS confirms the current requirements with the Immigratiedienst before any client commits funds.
- The investor tiers live in policy rather than in the implementing decree. The 1963 Landsbesluit contains no investor provisions at all, which means the tiers can be changed administratively.
- There is no Curaçaoan citizenship. Naturalisation yields Netherlands nationality, governed Kingdom-wide. That carries EU citizenship — which is the real attraction — but it is a foreign citizenship for Indian purposes and would end Indian citizenship under Section 9(1).

Compliance

- The Wealthy Investor permit, introduced 6 September 2014, sets three tiers: XCG 500,000 or more for three years; XCG 750,000 or more for five years; XCG 1,500,000 or more indefinite.
- The investment must demonstrably benefit the local economy, and the applicant must show permanent and independently sufficient means of subsistence. Processing takes up to four months.
- Statutory basis: Article 6(2) and 6(3) of the Landsverordening Toelating en Uitzetting for permit duration, and Article 20(e) empowering regulations that admit entrepreneurs to promote productive investment.
- Naturalisation is handled locally but yields Netherlands nationality under the Rijkswet op het Nederlanderschap, with EU citizenship attached. Dutch renunciation policy then governs.
