Two facts to know before anything else

Cyprus is not in Schengen. It is an EU member state, which is not the same thing. A Cypriot residence permit does not give you Schengen travel rights. It is the single most common misunderstanding about Cyprus.

There is no Cypriot citizenship by investment. The Cyprus Investment Programme was terminated on **1 November 2020**, by decision of the Council of Ministers dated 13 October 2020. What remains is **permanent residence** by investment — a different product with a different outcome.

Investment criteria

Permanent residence by investment is granted under Regulation 6(2) of the Aliens and Immigration Regulations. **XIPHIAS confirms the current criteria — the investment threshold, the income requirement and the qualifying investment categories — in writing with the Civil Registry and Migration Department before filing, and before any client commits funds.**

Citizenship is a separate matter. Naturalisation for non-EU nationals requires **8 years of legal residence within the previous 11**, plus 12 months of continuous residence immediately before the application.

One thing to settle before you start

These are **residency** programmes, not citizenship. That distinction matters more for an Indian passport holder than for most, because **India does not permit dual citizenship**: under Section 9(1) of the Citizenship Act 1955, voluntarily acquiring another citizenship ends your Indian citizenship automatically.

Holding European **residency** does not affect your Indian citizenship at all. Only naturalising would. So the residence permit is the safe part; the decision point comes years later, if and when you choose to naturalise.

Questions clients ask

What is the minimum fund investment for Cyprus permanent residence?

XIPHIAS confirms the current threshold for units of approved collective investment schemes with the Civil Registry and Migration Department before filing, and in writing before you commit funds.

Can dependents be included in the application?

Yes. The spouse and dependent children can be included; XIPHIAS confirms the current rules for children's ages and for parents before filing.

Is employment allowed in Cyprus under this permit?

No, direct employment is not allowed; however, you can be a director in a company in which you invested.

Is Cyprus in the Schengen area?

No. Cyprus is an EU member state but not part of Schengen, so a Cypriot residence permit does not give Schengen travel rights.

Does this lead to Cypriot citizenship?

Not automatically. Citizenship by investment ended on 1 November 2020. Naturalisation requires 8 years of legal residence within the previous 11, plus 12 months of continuous residence immediately before applying.
