## MM2H has four categories, not three

| Category                       | Fixed deposit                               | Property purchase                                     | Pass     | Participation fee |
|--------------------------------|---------------------------------------------|-------------------------------------------------------|----------|-------------------|
| Platinum                       | USD 1,000,000                               | RM2,000,000 or above                                  | 20 years | RM200,000         |
| Gold                           | USD 500,000                                 | RM1,000,000 or above                                  | 15 years | RM3,000           |
| Silver                         | USD 150,000                                 | RM600,000 or above                                    | 5 years  | RM1,000           |
| SEZ / SFZ — Forest City, Johor | USD 65,000 (ages 21–49) or USD 32,000 (50+) | In Forest City, at the price set for SEZ developments | 10 years | RM1,000           |

**Property purchase is mandatory in every federal tier**, and the property cannot be sold for 10 years (upgrading to a higher-value property is allowed). Up to 50% of the fixed deposit can be withdrawn after approval to buy a residence, or for education, medical and tourism spending in Malaysia.

The minimum age is 25 (21 for SEZ/SFZ). Every tier requires 90 days a year in Malaysia, cumulatively — applicants aged 25 to 49 may meet this between principal, spouse and dependants, and there is no minimum stay from age 50. Only **Platinum** permits work and business. A medical check-up is mandatory, and pass validity is capped by passport expiry.

The Ministry of Tourism, Arts and Culture states the Platinum, Gold and Silver terms are accurate as of 22 July 2024; the SEZ/SFZ category was added later, and the Ministry's category pages were last updated on 10 February 2026.

## Sarawak-MM2H is a different programme, and often a better one

Sarawak runs its own scheme with its own criteria, revised from **1 January 2025**:

- minimum age **30**
- fixed deposit **RM500,000**
- offshore income **RM10,000 a month**, or RM15,000 with a dependant

- a **5 + 5 year** pass
- **30 days a year** physically in Sarawak
- **property purchase optional** — RM600,000 in Kuching, RM500,000 elsewhere

That last point is the real differentiator: federal MM2H makes property compulsory, Sarawak does not. From 16 May 2025, personal sponsors for Sarawak-MM2H are limited to immediate family.

---

## What MM2H is not

It is a **long-stay visit pass**. It does not lead to permanent residency and it does not lead to citizenship. Malaysia does not permit dual citizenship, and Malaysian citizenship under Article 19 needs ten of the previous twelve years' residence plus adequate Malay, granted at discretion.

Your Indian citizenship is entirely safe on MM2H — precisely because MM2H never becomes a citizenship. It is not a route to a Malaysian passport.

---

## On the Premium Visa Programme

The Immigration Department's published **PVIP** criteria are an offshore income of RM40,000 a month, a RM1,000,000 fixed deposit, a pass of up to 20 years with no age limit, and permission to work and run a legal business. Applications go through authorised PVIP agencies. The Department does not publish PVIP's current operating status and the programme does not appear in its main visa index, so XIPHIAS confirms the position with an authorised agency before any application.

## Important notes

- The Immigration Department's MM2H page ([imi.gov.my](http://imi.gov.my)) describes the pre-2024 terms, with RM100,000 and RM150,000 fixed-deposit maintenance; those apply to legacy participants only. Current terms are published by the Ministry of Tourism, Arts and Culture at [mm2h.gov.my](http://mm2h.gov.my), whose category pages were last updated 10 February 2026.
- MM2H is a long-stay visit pass. It does not lead to permanent residency or citizenship.
- Malaysia does not permit dual citizenship. Malaysian citizenship under Article 19 requires ten of the previous twelve years' residence plus adequate Malay, and is discretionary — it is not a realistic outcome of MM2H.
- Property purchase is mandatory in every federal MM2H tier. Under Sarawak-MM2H it is optional.
- The Premium Visa Programme (PVIP) has published criteria, but the Immigration Department does not publish its current operating status and PVIP is absent from the Department's main visa index. XIPHIAS confirms the position with an authorised PVIP agency before any application.

## Compliance

- Federal MM2H has four categories: Platinum, Gold, Silver, and a separate Special Economic Zone / Special Financial Zone category for Forest City, Johor.
- The SEZ/SFZ category requires a fixed deposit of USD 65,000 for applicants aged 21 to 49, or USD 32,000 for those 50 and over, and grants a 10-year pass.
- The Platinum, Gold and Silver terms are stated by the Ministry as accurate as of 22 July 2024. The SEZ/SFZ category was added later; the Ministry's category pages were last updated on 10 February 2026.
- Sarawak-MM2H is a separate programme with its own criteria, revised from 1 January 2025: minimum age 30, fixed deposit RM500,000, offshore income of RM10,000 a month (RM15,000 with a dependant), a 5 + 5 year pass, 30 days a year physically in Sarawak, and property purchase optional at RM600,000 in Kuching or RM500,000 elsewhere.
- From 16 May 2025, personal sponsors for Sarawak-MM2H are limited to immediate family.
